Copenhagen K

Doors open at 12.30 pm.

Please be advised that you may be recorded on
video or photographed during the conference.

Heritage Fridays 2017

The central theme of this year's Heritage Fridays is the Hague Convention of 1954. The Danish Ministry of Culture has just issued a legislative proposal implementing the 2nd protocol to this convention.

The topics today include how civil society works to safeguard cultural heritage, how military personnel is trained in cultural property protection, and how ratifying the second protocol can help safeguard cultural heritage and create the legal framework to prosecute perpetrators.
